## ABOUT CHINGRAM

ChinGram is a transnational initiative aimed at enhancing the quality and accessibility of Chinese language education across Europe. By bridging research and classroom practice, the platform addresses the increasing demand for accessible digital learning materials for Chinese as a foreign language. ChinGram is developing a multilingual digital platform designed to support both learners and educators of Chinese through:

- Comprehensive grammatical descriptions of 100 key grammatical points
- Interactive exercises
- Practical teaching resources
- Support for five EU languages: Czech, Danish, German, Italian, and Polish

## PRACTICAL INFORMATION

- The workshop will be conducted in a hybrid format, with an emphasis on in-person attendance complemented by online participation. *Online content is under preparation. Please stay tuned.*
- Participation is free of charge. Registration is mandatory. Max. 20 persons with First-come, First-served principle.
- A small subsidy for domestic transport is available. For inquiries, please contact Chun Zhang: [ostzc@cas.au.dk](mailto:ostzc@cas.au.dk)
- An attendance certificate will be issued to those who participated in the workshop.

## WORKSHOP OVERVIEW

The ChinGram Workshop invites high school teachers, instructors, and educators engaged in teaching Chinese as a foreign language from secondary schools, vocational schools, colleges, and universities in Denmark and other Nordic countries. The workshop will focus on experience sharing, knowledge exchange, and hands-on exercises to explore the potential of digital tools in teaching Chinese grammar.
