

# MARITIME GATEWAY PRESENTS

# WHEN SHIPS STOP, THE WORLD STOPS

## MARITIME INDUSTRY INSIGHTS SEMINAR: Shipping, Power and the Fragility of Global Trade.

Global trade depends on a vast and fragile maritime system. When it runs smoothly, we hardly notice it. When it breaks or is threatened, the world feels it immediately.

Join this seminar to understand how shipping connects continents, how global crises ripple through **supply chains**, and why **maritime logistics** has become a **geopolitical battleground**. And how **YOU** can make an impact in the maritime industry.

DINNER &  
DRINKS

**SPEAKER:**  
**INDUSTRY EXPERT**  
**THOMAS ROSLYNG OLESEN, PHD**  
Head of Maritime Research Alliance, Lecturer at CBS

- Exclusive industry insights
- Get inspired about career opportunities

### IS IT FOR YOU?

If you study engineering, data science, economics, law, supply chain, management, politics or global communication, chances are that the maritime industry needs people like you.
